

Gina Polemi

Vice President, Hellenic Committee for Professional Yachting
Business Development Director, BWA Yachting

I was born in a family with an Olympic Sailing Champion George Zaimis and I was always surrounded from yachties.

My yachting carrier started as an assistant in a Yachting Association and further on in the family business - A1 Yachting.

I was soon interested to improve the relevant Laws and place suggestions to the involved Ministries, which drove me to participate as a Board Member in the Private Yacht's Association in which I am now the President, later I was elected in the Board of Piraeus Chamber of Trade and Commerce and recently as a Vice President in the Global Committee of ECPY locally named as HCPY.

My recent professional title since 2022, is Business Development Director to A1 Yachting's Partner BWA Yachting, a Leader in the Yachting industry based in 27 countries.

I personally wish and working to see Greece as the Global Yachting Leader and Home Port.
