

Panagiotis Mallios

Managing Director

Seabright SA

Panagiotis Mallios is the Managing Director of Seabright SA. His activity in the company started since 2006, along with his studies as an automation engineer.

Panagiotis passed through most of the company departments, such as production, procurement and R&D.

Since 2012 he devoted himself to the transformation of the company from local to worldwide by redesigning the products and focusing in the global market.

Today, he is in charge of the R&D department which is his passion, along with the daily operations of the company.
